

I am writing on behalf of K-LOVE, which in my community is on FM station 90.3. My comment is that I have been listening to K-LOVE for the past two years and I believe that the station is a positive influence on me, those I interact with and the community at large. In this day and age, with our moral standards being torn to shreds as broadcasters get more and more raunchy and daring, it is refreshing to be able to turn on a decent music station and listen to positive music and an uplifting message of God and His faithful love for us. It's not about religion, but about living a positive lifestyle in an increasingly hostile and immoral society. I enjoy the music and the lack of commercialism on K-LOVE. I believe that anything, including this proposed LPFM item, that puts this kind of music at risk of being pulled off the air is wrong. Thank you.
